

## Features & Benefits

Duro has the perfect solution to ensure that hot Grocery and Deli foods will stay hot and delicious from the designated counter, right to your customer's kitchen table.

Duro Bag Mfg. Co. is proud to introduce the Hot Food To Go Bag in both 4 lb and 8 lb sizes. These bags are perfect for grocers and deli's offering fried chicken, potato skins and other fried foods. These bags preserve the hot temperature of your food and let your customers enjoy it as if it was just served.

Not only do the bags keep food warm, they also keep it dry. To combat sogginess, Duro uses a unique in-line process which creates 1½ inch slits in the bag, allowing moisture to escape while heat is trapped inside. The Kraft bag is made of grease-resistant paper with a moisture resistant treatment that is added to the paper.

## Specifications

- Available in both Kraft and White paper
- 50 lb. Basis Weight.
- Size 4 lb. and 8 lb.
- Both the Kraft and White bags are made of grease- resistant paper and the Kraft bag also has a moisture resistant treatment that is added to the paper.
